

Side-Looker Antenna

For MC4Max, MC4Pro and legacy MC3

Searching for improved reading performance with your mobile collection system? With the Side-Looker Antenna, Itron's industry-leading MC solution utilizes the two additional receivers installed in the Mobile Collector RF unit to acquire reads even more efficiently. The Side-Looker Antenna is a receive-only system that mounts on top your vehicle and cables directly to your existing RF unit.

The Side-Looker Antenna system mounts to any horizontal, flat metal surface. Using a strong magnetic base, the Side-Looker Antenna also features rubberized covers over the magnetic points to protect the finish of your vehicle. The Side-Looker Antenna system augments your existing MC antenna by providing multiple receive paths.

Small and large utilities can reap rewards through improved read performance and faster route processing by using just one Side-Looker Antenna system. Whether it's electric, gas or water, the addition of the Side-Looker Antenna system to your MC can improve the collection of monthly consumption reads.

SIDE-LOOKER ANTENNA FEATURES

- » Easy magnetic mounting to vehicle
- » Portable
- » Exceptional meter reading performance
- » Hooks up to your existing MC4Max, MC4Pro or legacy MC3

SPECIFICATIONS

Operational

- » Frequency Range: 908–924 ISM Band
- » Gain: 9.1 dBi
- » Impedance: 50 ohms

Mechanical

- » Dimensions: 10.25L x 8.75H x 7.25W
- » Weight: 5 lbs
- » Coax: Two 17 ft. cables
- » Connection: Two TNC male to MC RF Unit

Environmental

- » Operating temperature: -40°F to +158°F (-40°C to +70°C)

Endpoint Compatibility*

- » All legacy Itron ERT® modules
- » 40G / 40GB gas ERT modules
- » 100G gas ERT modules
- » Intelis Gas Meter
- » Gen™5 500G ERT® Module
- » OpenWay Riva 500G ERT® Module
- » 40W / 50W water ERT® Modules
- » 60W water ERT® modules
- » 100W water ERT® modules
- » OpenWay Riva 500W ERT® Module
- » Itron OpenWay CENTRON Bridge electricity meters in mobile mode

Itron Side-Looker antenna system mounted on roof top.

- » Itron CENTRON electricity meters equipped with R300 or R400 modules
- » Itron SENTINEL® electricity meters equipped with R300 modules

* Supported endpoints can vary across applications. Please consult the capabilities of the software app

The Itron Side-Looker antenna system comes complete; place on roof of vehicle, hook up cables and start reading endpoints.

NOTE: Not compatible with MC4Core or Mobile Collector Lite (MCLite)
